Miss Mary Danforth of the Woman's Foreign Missionary society will speak at the Methodist church next Sunday morning. Miss Danforth comes from the conference at Waterbury, speaking there on Friday. She is a whole-souled worker, whether on the foreign field or at home, and is an unusually bright and enjoyable speaker.

The late Edwin A. Nutt of Montpelier was one who will be pleasantly remembered by people here. Mr. Nutt was the Memorial day orator of last year and a genial guest of the Grand Army post. He was also here a little less than two months ago to speak at the patriotic concert under the Village Improvement society. His words on both occasions were inspiring, and his bearing was that of a friend or acquaintance rather than a professionalist.

AN UNUSUAL OPPORTUNITY

D. F. Davis, Barre, and Frank Roark, East Barre, will pay back your money if Seaver's Dyspepsia Tablets fail to cure dyspepsia. "Never in the history of my store," said one of the above druggists to a representative of a wholesale drug house "has there been so great a demand for any remedy as there is just now for Seaver's Dyspepsia Tablets. Barre and East Barre people are coming in every day inquiring if it is really true that we sell Seaver's Dyspepsia Tablets with the understanding that they will cure dyspepsia or pay back the money." Of course this guarantee plan is quite unusual, but we do just as we agree and we will hand back your money without the least argument if you are not decidedly benefited. "Not one person in fifty has asked for their money and it may surprise you to know that at least a dozen within the last ten days have been in to tell us how much they have been relieved, and how glad they are to know that at last there is a remedy that really will cure indigestion and dyspepsia."

Seaver's Dyspepsia Tablets brace and tone up every nerve and fibre, help digest the food, put new life into the digestive organs, improve the appetite, clear up the complexion, cure biliousness, dizzy spells, coated tongue and sick headache. Try them for twenty days and if you don't see a great improvement, step in and tell D. F. Davis or Frank Roark and they will hand back your money cheerfully and without argument.

LIQUID CURES ECZEMA WHERE SALVES FAIL

In regard to skin diseases, medical authorities are now agreed on this:—Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. —WASH THE GERMS OUT.

A simple wash: A compound of oil of wintergreen, thymol and other ingredients as combined in the D. D. D. description. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure and give you instant relief.

ONLY ONE "BEST."

Barre People Give Credit Where Credit Is Due.

People of Barre who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Barre. Here's Barre testimony:—

L. Hooker, 101 Prospect street, Barre, Vt., says: "Since I first used Doan's Kidney Pills some years ago, I have recommended them to at least fifty people and have heard everyone who has used them give them a word of praise. I suffered for a long time from kidney complaint and my condition finally became so serious that I was worried. My back ached most of the time and an annoying kidney weakness existed. I used every remedy that was brought to my attention, but without deriving any benefit until I took Doan's Kidney Pills, procured at Drown's drug store. At that time I used five boxes and was benefited greatly. I have since taken Doan's Kidney Pills off and on, and they have acted as a tonic to my kidneys, keeping them in a normal condition." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

FEDERAL MILK PROBE STARTED.

Grand Jury Hearing Evidence of Alleged Violation of Contractors.

Boston, April 13.—Investigation of the business methods adopted by the milk contractors of Boston and its vicinity has been started by the federal grand jury, under the direction of William S. Gregg, special assistant to the United States attorney general. The presentation of evidence by the government is for the purpose of determining whether there has been any violation of the Sherman anti-trust law. In speaking of the inquiry, Mr. Gregg said: "The investigation will be full and complete. We understand that the milk situation in Boston is in a rather demoralized condition. Our purpose in making the investigation is to find out if the present condition is due to restraint of trade by unlawful combination in violation of the Sherman anti-trust act."

Attorney Gregg refused to give the name of the person on whose complaint the investigation was started. Charles D. Sage of New Braintree, however, is believed to have been the instigator of the present probe, as he has long led the fight for the independent milk producers against the big milk contractors, who it is said have been trying to drive the independent milk men from the field of competition. The big contractors have been favored by the railroads, it is believed, at the expense of the small independent dealer. The latter, it is said, have found it hard to secure a market for their milk. The farmers of the state are greatly dissatisfied with the present arrangement.

MONTPELIER.

Frank Santor's Hand Badly Mangled In Edge of Sawmill.

Frank Santor of Montpelier was brought to Heaton hospital last night and had four fingers amputated from his right hand. While working in the Richardson mill in Berlin, his hand caught in the edge and the tendons of his thumb badly severed, and several bones in his hand were splintered, besides injuries to the fingers which made their amputation necessary.

KOHLSAAT SEES END FOR LORIMER

Editor Declares Case Against the Illinois Senator Will Be Reopened.

St. Paul, April 13.—H. H. Kohlsaat, proprietor of the Chicago Record-Herald, whose testimony in the Lorimer investigation in Springfield, Ill., was a feature of the hearing, said yesterday in St. Paul that Lorimer's days in the upper national chamber are numbered. "I have not the slightest doubt," Mr. Kohlsaat said, "that the investigation will be reopened in Washington and that the verdict this time will be against him. The present Senate never would have seated him in the first place, and the personnel as it stood at the time of the first inquiry would not have vindicated him if the facts which have now come to light had been obtainable then."

"I do not look for any jail sentences. It would probably be found impossible to show misdoing to that extent. I believe it is not going too far to say that the united press of the country is demanding that Lorimer's seat be taken away from him."
